Surrey Youth Focus's Approach

We **collaborate** with partners to strengthen...

...to significantly improve the lives of babies, children, young people and families.

What we do ...

Relationships and Connections

Through our extensive reach we can **nurture relationships and a shared purpose** across teams and organisations to **join the dots, reduce duplication and improve effectiveness.**

Collaborative Learning

We deliver needs led **learning and training opportunities** for practitioners and leaders.
We do this through co-design with multi-agency partners and offer bespoke knowledge, skill and networking opportunities.

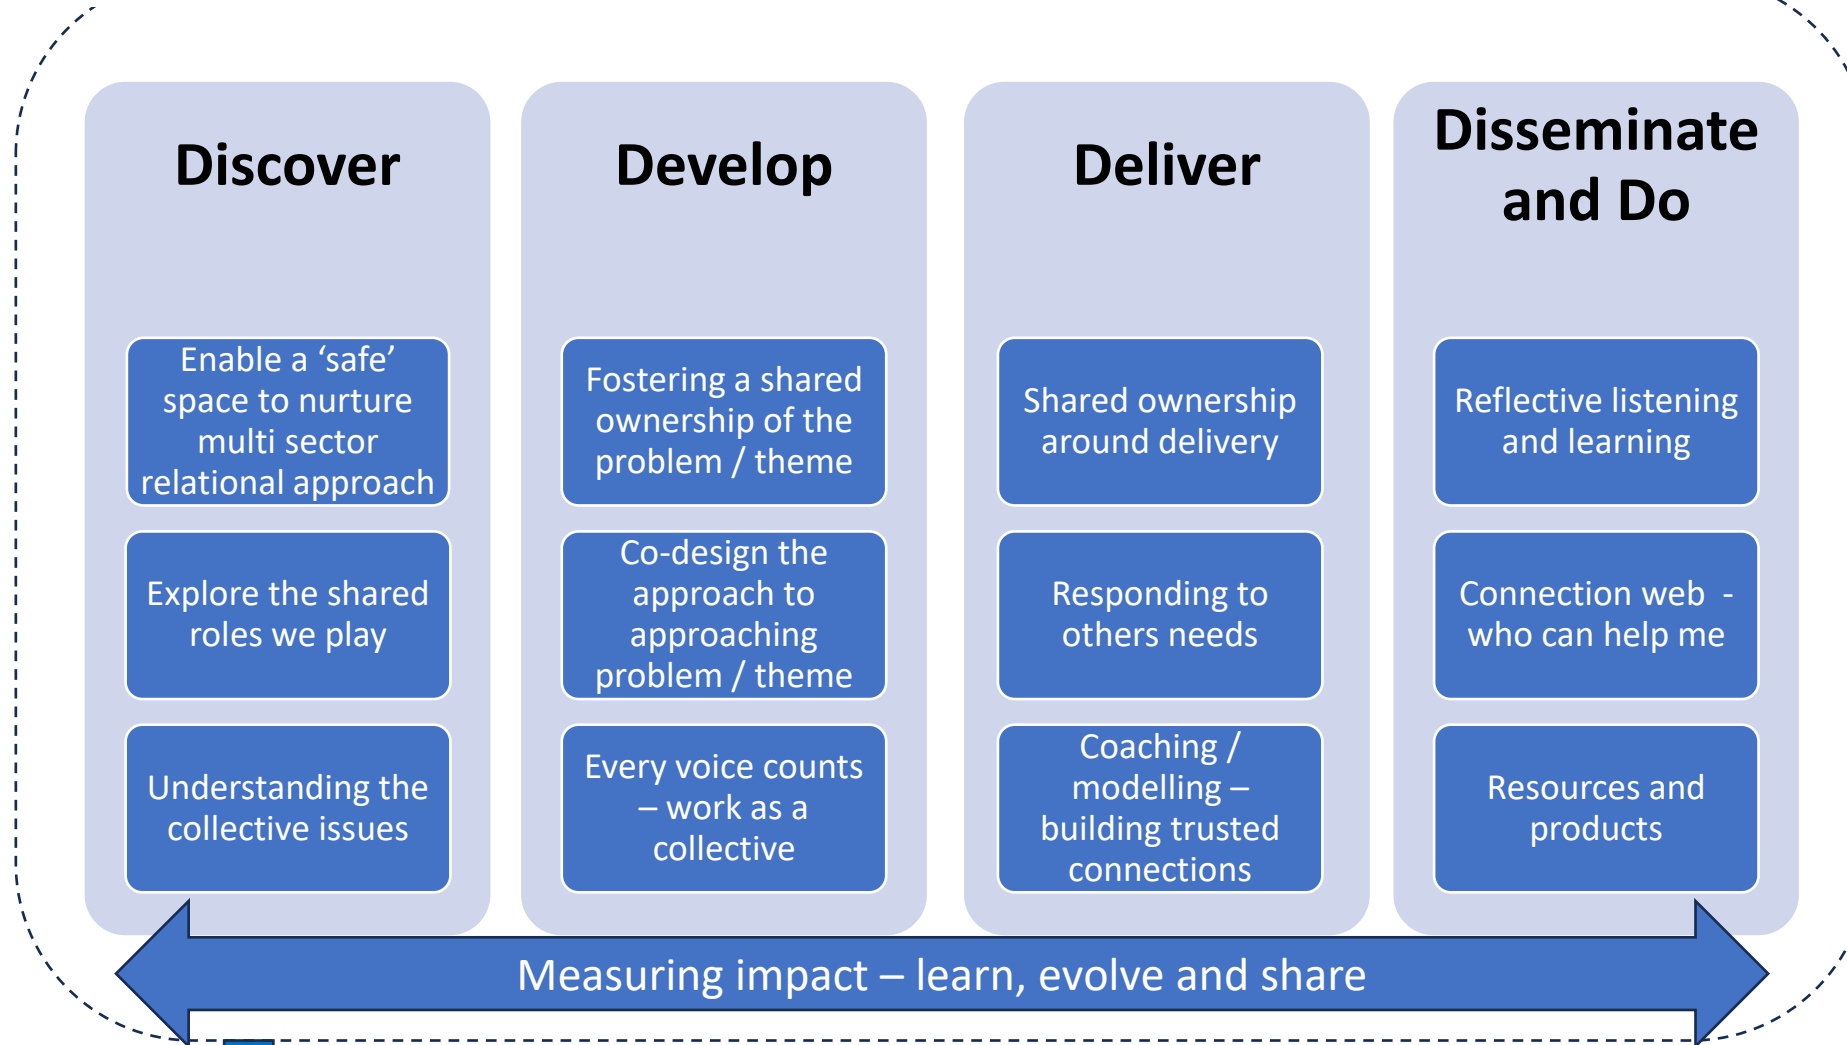

Innovation and Transformation

We embrace and evolve **new ways of working** by learning through others and sharing **emergent thinking to continually innovate and transform.**

The Surrey Youth Focus 4D model – a research backed approach

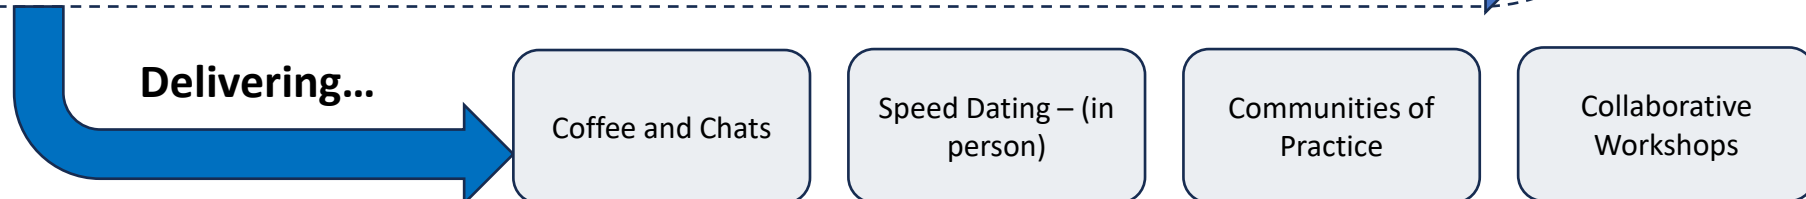

Continuous learning cycle– micro, meso and macro

To work in partnership to bring the **full 4D model** to life in your organisation

Developed by Surrey Youth Focus – We kindly ask you to contact us prior to use

Surrey Youth Focus holds a **unique position** working as a **trusted and knowledgeable partner** across a range of organisations, drawing on our **extensive breath of insight and reach**.
